SUMMARY

Frontend engineer with 4 years of experience building and modernizing web interfaces using React, Ember, TypeScript, and scalable CSS architecture. Experienced in shared component libraries, design systems, and legacy frontend migrations.

EXPERIENCE

Frontend Engineer **Northwind Labs** 2022 - 2026

- Built and maintained a shared component library used across product teams, improving consistency and reuse of frontend UI patterns.
- Migrated legacy jQuery views to Ember Octane, replacing older interaction patterns with modern component-based architecture.
- Worked across React and Ember codebases with a focus on maintainable TypeScript, modular styling, and design-system adoption.
